THE PEOPLE HEARD

THE DEMOCRAT-FORUM'S ELECTION RETURNS POPULAR.

CROWD AT COURT HOUSE

Both General and County Returns Received Promptly and Fully So the People Might Know.

The quickest and most complete election returns ever given to the people of Nodaway county were received and distributed by The Democrat-Forum's service at the court house Tuesday night. As early as 6 o'clock the crowd began to gather, and from 7 o'clock until late into the morning Wednesday the court room was crowded.

The service was given to the public, and both men and women of all parties were invited and made welcome. All shades of belief were well represented although there wasn't much opportunity for Republicans to exercise their lungs. However, while Governor Wilson seemed to be sweeping the country the adherents of Mr. Taft and Mr. Roosevelt found chances to cheer as their respective candidates seemed to be fighting hard for second place.

It was a perfectly orderly and well behaved crowd. Many ladies were present and entered into the enjoyments and disappointments of the returns. Several little boys and girls sat and listened attentively and cheered for their favorites, through the long hours when little folks are usually asleep.

The Democrat-Forum believes it was the best organized effort to give the people quick information ever made here. A special wire was run into a private room at the court house and was in charge of the operator, Scribner Beech, Jr. The telegraph returns were received there and sent into the court room, where they were read to the people by Attorney Charles McCaffrey, whose full-grown voice left no one in doubt as to what they were. Important bulletins were also displayed on a large blackboard, so they could be read and studied and compared while waiting for further news.

In another private room three telephones had been run by the courtesy of the Hanamo, Bell and Farmers managements, and from these the returns from the county were received. Arrangements had been made with some one in every precinct in the county to phone in the returns as soon as counted. It was also arranged that they should come about equally divided between the three different phones, so there would be no congestion on either. Ed Orear and George Robb Ellison received at two of the phones and a Democrat-Forum representative at the other. Another representative of this paper was busy all the while preparing a table of the vote for today's issue of the paper. The county returns were also placed on a large blackboard in the court room by a Democrat-Forum man and Professor Oakerson, so the people could see just what each precinct was doing for each candidate, and totals were displayed showing just how the various county candidates stood at all times.

This was an interesting feature, as there were several close races, and they were close throughout the whole evening. The final results on representative and treasurer were not known until 2 o'clock, when the vote of Hopkins, the last to be received, came in. After this the final totals were read to the crowd that still remained, and as a telegram had been received that Roosevelt had conceded Wilson's election and sent him a telegram of congratulation, there was little else of importance to be had, and the people dispersed to their homes, some happy and others not so happy.

Mrs. Samuel Schneider and daughter of Arkoe were Maryville visitors Tuesday.

WILSON THE WINNER

DEMOCRATIC CANDIDATE HAS SUBSTANTIAL MAJORITY.

ROOSEVELT RUN SECOND

Returns Indicate a Widespread and Sweeping Victory for the Democratic Party.

Wilson	397
Roosevelt	74
Taft	14
Necessary to elect	266

Wilson will probably carry Illinois and Iowa, but it will take the official vote to decide. Wilson has a good show to carry Kansas. Wilson has carried New York, Massachusetts, Connecticut, Rhode Island, Maine, New Hampshire, New Jersey, Missouri, Maryland, Delaware, Ohio, Indiana, Nebraska, Arkansas, Colorado, Oklahoma, North Dakota, Wisconsin, Virginia, West Virginia, North Carolina, South Carolina, Georgia, Florida, Alabama, Mississippi, Tennessee, Louisiana, Texas, Kentucky, Minnesota, Montana, Oregon, New Mexico, Arizona and Nevada.

Taft carried Arizona, Nevada, Utah and Vermont.

Roosevelt carried Michigan, Washington, Pennsylvania and probably Kansas. Wyoming and Oregon were not heard from up to a late hour this afternoon.

In the race Roosevelt received a bigger popular vote than Taft, while the early returns are that Taft will be second in Missouri with Roosevelt as third.

Kansas City, Nov. 6.—The election of Gov. Wilson of New Jersey as president, and Gov. Marshall of Indiana, as vice-president, by a safe majority of electoral votes, was made certain by incomplete returns already received from the country at large.

The returns gave to Gov. Wilson the "Solid South," embracing all Democratic states south of the Potomac and Connecticut, Delaware, Kentucky, Maine, Maryland, Massachusetts, New York and apparently West Virginia, Indiana and Missouri.

Roosevelt's victory in Illinois, conceded early in the evening by the Democratic leaders, promised to carry with it a plurality greater than 100,000. New Hampshire and Vermont have apparently given a majority to Taft on the basis of the fairly comprehensive returns so far received.

Pennsylvania in Doubt.

Pennsylvania was claimed by the Progressives and the Democrats, and the count was so slow that the result there might be delayed for some time.

Iowa apparently is safe for Roosevelt. The same may be said of Kansas.

The next house will be Democratic, and indications are now that enough states legislatures have been completed to give the party a working majority in the senate.

Wired Wilson the News.

New York, Nov. 6.—Early returns from New York and the seaboard states were the cause of much exultation at Democratic national headquarters. Chairman McCombs soon after 7 o'clock sent word to Gov. Wilson that his election was indicated by an overwhelming vote.

Long Ballot Delays Returns.

Omaha, Nov. 6.—Returns received from Omaha and Lincoln and scattering precincts over the state showed a clear plurality for Gov. Wilson. Should the remainder of the state show the same results the New Jersey governor will have the Nebraska electoral vote by safe plurality. A 6-foot ballot greatly delayed gathering the returns.

Illinois to T. R.

Chicago, Nov. 6.—Col. Roosevelt apparently swept Illinois in the race for the presidency.

According to returns so far received, the indications are that the colonel has carried the state by 100,000 votes.

Judge Dunne, Democrat, of Chicago, appeared to have won the gubernatorial fight, with Deneen, Republican, second and Funk, Progressive, third.

Michigan Progressives Lead.

Detroit, Mich., Nov. 6.—Scattering and incomplete returns from throughout the state indicate that Roosevelt is leading by a good plurality. Musselman, Republican, and Ferris, Democrat, candidates for governor, are running very close. The complete returns will be late on account of the complicated ballot.

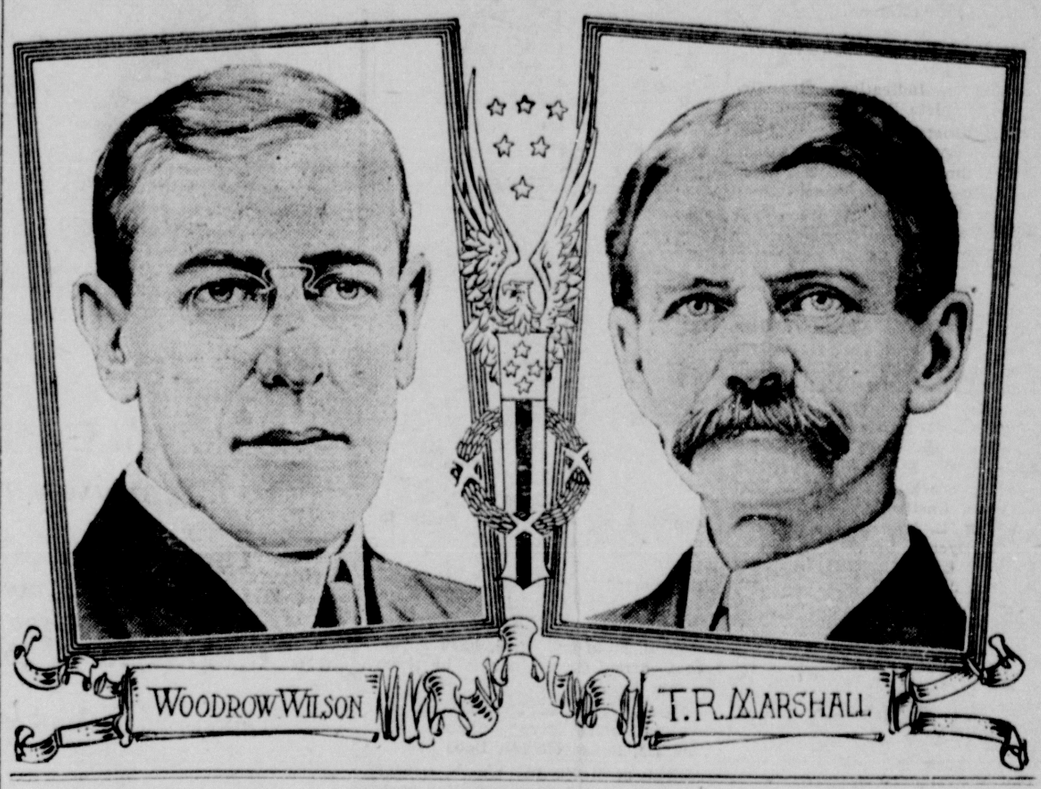
Roosevelt Running Second.

New York, Nov. 6.—New York state will cast its 45 electoral votes for Gov. Woodrow Wilson for president. Roosevelt is running next to Wilson in New York city, while Taft is second upstate.

Which will be low man in the contest it is yet impossible to say.

Seventeen hundred election districts out of the 1,730 in the city of New York give Wilson 306,362, Taft 125,-

THE NEXT PRESIDENT AND VICE-PRESIDENT



BOOHER RE-ELECTED.

His Majority Will Run Over the 5,000 Mark Over His Two opponents.

Congressman Charles F. Booher was re-elected at the election Tuesday by the biggest majority ever received by a congressional candidate in this district. His majority will be 5,000 or over. His purality over Hickman will be about 7,000.

From unofficial returns received by this paper this afternoon the vote of the district, with Buchanan county still out, was Booher, 9,651; Hickman, 5,426; Robinson, 2,554. Booher will carry Buchanan county by from 2,000 to 3,000, and Fred P. Robinson received about 2,000 votes in that county, so it is estimated by the News-Press of that city.

The vote over the district is as follows:

Platte—Booher, 2,050; Hickman, 325; Robinson, 280.

Andrew—Booher, 1,928; Hickman, 1,458; Robinson, 385.5

Holt—Booher, 706; Hickman, 832; Robinson, 269.

Atchison—Booher, 1,400; Hickman, 700; Robinson, 300.

Nodaway—Booher, 3,467; Hickman, 2,640; Robinson, 1,286.

CRAIG ELECTED SENATOR.

Received a Big Vote Over Peck All Over This Senatorial District.

Anderson Craig of this city was elected by a big vote as state senator from this district. J. W. Peck was his opponent, and in order to vote for him it was necessary to write his name on the ballot.

On Six Weeks' Visit.

Mr. and Mrs. J. H. Allen left Tuesday evening on a six weeks' visit at Mountain Grove and Joplin, Mo., and Oklahoma City, with relatives.

A handsome emery bag will be presented to each girl entering the domestic science contest, and each boy who enters the regular corn contest will receive a—what do you suppose?—of course you might know—a dandy pocketknife. The physicians of this city will give a noon luncheon at the Linville hotel on Thursday complimentary to Dr. Herman E. Pearce of Kansas City, who will address the association on Thursday morning at 11 o'clock and again in the afternoon at 2.

The visiting teachers will begin arriving Wednesday afternoon. A reception committee composed of John I. Hoffman, Prof. W. M. Westbrook Miss Mary Hughes, Mrs. Alice Perrin, [illegible] Montgomery and H. L. Raines will meet the visitors at the Linville hotel, where arrangements will be made for their entertainment.

ALL AGAINST THEM

CONSTITUTIONAL AMENDMENTS ALL WENT TO DEFEAT.

SING. TAX SNOWED UNDER

Heavy Vote in This County Against All Amendments, and All Are Lost in the State.

Nodaway county defeated all of the amendments and gave a big vote against the single tax amendment and also the single tax commission board, which amendments were No. 6 and 7. The total vote of the county shows that on No. 6, 6,436 votes were cast, and only 263 votes out of that number were cast in favor of the single tax amendment. On No. 7, the amendment providing for a tax commission board, the vote in favor of the amendment was 374, and the vote against it 6,173.

In Maryville and Polk township the single tax amendments were also badly defeated by a big a vote as in the country districts of the county. The vote for No. 6 was 97 for and 1,456 against; on No. 7, 134 yeas and 1,281 no.

The mill tax amendment was also badly snowed under in the county by a vote of 1,462 for to 5,914 against. In Maryville and Polk township the vote on this amendment was 486 for and 988 against.

While the figures of the state are not obtainable today on the amendments, the single tax amendments were overwhelmingly defeated in Missouri. In the cities the vote in favor of these amendments fell far short of the expectations of the friends of the proposals. All of the amendments were defeated in the state.

The following is the amendment vote of Nodaway county:

WILSON LED BY 1,000.

Result of Straw Vote in Ames Agricultural College Gave Democratic Nominee Preference.

Harold Bellows, son of Mr. and Mrs. George P. Bellows, returned to his studies at Ames Agricultural college Tuesday noon, having come home Sunday to cast his first vote. His cousin, Dale Bellows, also a student at Ames, lacked but four days of being old enough to cast his first vote.

Mr. Bellows said that a straw vote was taken at Ames college last Friday, and all the 2,500 boys there made their preference for president known. Wilson led by 1,000, Roosevelt second, and Taft and Debs tied with sixty votes each.

Left for San Antonio.

Mrs. Walton J. Holt left Tuesday evening for San Antonio, Texas, on a visit to Mrs. Holt's father, Louis William Hastings.

MIXED IN COUNTY

DEMOCRATS GET ALL BUT THREE COUNTY OFFICERS.

LOST BY NARROW MARGIN

A Full Vote Out and Hard Fights on Representative, Treasurer and Members of County Court.

About 7,000 votes were cast for the three presidential candidates in Nodaway county Tuesday, which, under the last census may be regarded as a large vote. The voting, like the whole campaign, was quiet but determined. The Democratic vote for president was 3,489, Taft receiving 2,135 and Roosevelt 1,301. Wilson's plurality over Taft was 1,354, according to an accurate but unofficial count.

The state ticket was practically the same as for president, Mr. Major getting 3,500, McKinley 2,188 and Norton 1,238. The Democratic and Republican candidates for governor ran slightly ahead of the presidential candidates of the old parties, while Judge Norton fell a little behind Colonel Roosevelt. Major's plurality over McKinley is 1,312.

While some Democrats, feeling that their candidate had a walkaway for congress, cast complimentary votes for Attorney F. P. Robinson because of his residence in this county, a number of Republicans apparently voted for the Democratic nominee. This vote therefore shows a loss for the Republican candidate, from the head of the ticket, a gain of 95 for the Progressive candidate and the Democratic candidate running close to Governor Wilson. The vote stands Booher 3,467, Hickman 2,040, and Robinson 1,396, giving Mr. Booher a plurality of 1,427. Booher's plurality is therefore 73 larger than Wilson's and 115 larger than Major's plurality.

Anderson [illegible] received 3,267 [illegible] ator Peck [illegible] cut his name be[illegible] Craig's majority [illegible] and in the district [illegible] ing.

On county offices there [illegible] range of changes and co[illegible] scratching. The hard fight m[illegible] the advocates of the county un[illegible] coupled with the joint nomination of Praisewater on the Republican and Progressive tickets, seems to have been too much for Mr. Skidmore, the Democratic nominee for representative, and he went down by the narrow margin of 45 votes. The total vote was: Skidmore, 3,450, Praisewater 3,495. The Republicans scored another close victory in the north county court district, and Mr. Bailey was elected judge by a majority of 58. The vote stood: Blackford, 1,479, Bailey 1,537. The fight for judge of the south district was also a hard one, and it appeared that the Republicans were hard after the county court. The Democrats won in this contest, though, by a majority of 23, the vote standing Westfall 1,969, Schmidt 1,946.

George Pat Wright took Earl Wiles to the races and tucked away the prosecuting attorneyship by a majority of 836, which was the largest majority won by any Democratic candidate over the combined opposition of both the Republican and Bull Moose tickets. Mr. Wright's vote was 3,868, Mr. Wiles received 3,032.

Edwin Wallace, the Democratic candidate for sheriff, while a new hand at the business, displayed a remarkable capacity for finish races and a great appetite for votes. He took George Evans, an old-time campaigner, down the line to defeat to the tune of 796. Wallace's vote was 3,846, Evans 3,050.

The hardest fought race in the county was between Ed Wolfert, Democrat, and Billy Tilson, Republican, for treasurer. All the resources of the party politicians were drawn upon in the effort to save Tilson, and other offices were apparently sacrificed. Mr. Wolfert made his first fight for election to office, but made a clean fight, and lost by the narrow margin of 23. The vote stood Wolfert 3,441, Tilson 3,464.

Other results were as follows: For surveyor, Reece 3,424, Miller 2532; Reece's majority, 892. For coroner Dr. William Wallis, Jr. 3,550, Dr. D. J. Hunterson 3,378; Wallis' majority 172. For public administrator, J. F. Roelofson 3,467, Ira K. Alderman, only on Progressive ticket, 1,179.

The amendments were all badly defeated.

The W. O. W. Circle will give a social Wednesday evening in W. O. W. hall. Free lunch consisting of doughnuts and cider. The Woodmen, their family and friends are invited.

A HAPPY, LAUGHING CHILD IN FEW HOURS.

If Cross, Irritable, Feverish, Tongue Coated and Sick, Give Delicious "Syrup of Figs."

Your child isn't naturally cross, irritable and pevish, Mother! Examine the tongue; if coated, it means the little one's stomach is disordered, liver inactive and its thirty feet of bowels clogged with foul, decaying waste.

Every mother realizes after giving delicious "Syrup of Figs" that this is the ideal laxative and physic for children. Nothing else regulates the little one's tender stomach, liver and bowels so effectually, besides they dearly love its delightful fig taste.

For constipated bowels, sluggish liver, biliousness, or sour, disorded stomach, feverishness, diarrhoea, sore throat, bad breah or to break a cold, give one-half to a tea-spoonful of "Syrup of Figs," and in a few hours all the clogged up waste, sour bile, undigested food and constipated matter will gently move on and out of the system without griping or nausea and you will surely have a well, happy and smiling child again shortly.

With Syrup of Figs you are not drugging your children, being composed entirely of luscious figs, senna and aromatics it cannot be harmful.

Full directions for children of all ages and for grown-ups plainly printed on the package.

Ask your druggist for the full name, "Syrup of Figs and Elixir of Senna," prepared by the California Fig Syrup Co. This the delicious testing, genuine old reliable. Refuse anything else offered.—Advertisement.

St. Louis, Nov. 5.—Wilson has carried Missouri. Elliot W. Major, the Democratic nominee for governor, has been elected. The entire state ticket has been won by the Democrats and 12 of 16 congressional districts. Democratic congressmen probably will be returned from two of the four doubtful districts.

At present meager returns from over the state indicate that Mr. Taft and the Republican state ticket are running ahead of Col. Roosevelt and the Progressive state ticket.

The lead taken by the Progressives in several western Missouri counties

ELLIOTT W. MAJOR.
Returns Indicate His Election as Governor of Missouri.

was being overcome by heavy votes for the Republican ticket in the eastern tier of counties.

How large Wilson's and Major's majorities will be in Missouri is purely guess work from the incomplete returns. A conservative estimate would place each majority above 50,000.

McKinley, the Republican nominee for governor, will poll a larger vote than Nortoni. Roosevelt is leading the Progressive ticket in every county.

Accurate figures on the gubernatorial race will not be available for several days, as in many of the counties in the eastern portion of the state, no count was kept of the vote cast for the Progressive candidates.

Wilson Won St. Louis.

The single tax amendment has been swamped under an avalanche of noes. In some counties the amendment is being beaten 100 to 1. The majority against the amendment will be more than 400,000 votes if the present ratio is maintained.

While Wilson is leading in Kansas City, with Roosevelt a close second and Taft a poor third, the position is reversed in St. Louis. Arthur J. Fitzsimmons, Democratic city chairman claimed that Wilson would carry the city by more than 7,000 votes and that the entire Democratic city ticket has been elected.

The early returns bore out his figures, but the heavy Republican precincts had not yet been counted.

The Progressive party showed its greatest strength in the western half of the state. There the new party either was leading the old Republican ticket or breaking about even. The Democratic vote, outside of Jackson county, was holding up to the figures of four years ago.

From All Over the State.

St. Joseph, Mo., Nov. 6.—Seven out of 15 precincts, Caldwell county, give Taft, 494; Wilson 490; Roosevelt 185 for president. Remainder of ticket in about same proportion.

Wilson and the state ticket carried Clinton county by 1,200. Roosevelt and Nortoni defeated Taft and McKinley by 260. Single tax was defeated by 3,600.

Wilson will have a majority of 650 in Marles county. Five precincts out of 13 give Wilson 595; Taft 153. State and county ticket running about the same. Roosevelt's vote small.

Six out of ten precincts in Daviess county give Taft 336; Wilson, 658; Roosevelt, 389. All amendments defeated in this county.

Eleven out of 17 precincts in Vernon county give Wilson 719, Taft 391, Roosevelt 143. Single tax, 30 yes, 1,072 no.

Wilson got 1,794 in Platte county, Taft 292, and Roosevelt 192.

Taft and the Republican state ticket

JOHN C. McKINLEY,
Who Led the Republican Party in State Campaign.

are reported to have won in Harrison county by a small majority.

Wilson and the Democratic ticket, national, state and local, have apparently carried Gentry county by three or four hundred.

Thirteen out of 24 precincts in Dunklin county give Wilson 1,342, Taft 323, Roosevelt 147, Debs 547.

Eight precincts in Worth county give Wilson 452, Taft 320, Roosevelt 164. Single tax badly beaten, as are other amendments.

The Democrats swept Clay county, about 3 to 1. The total vote was about 5,000. Single tax was beaten about 10 to 1.

The vote in Centralia was 610, unusually large. Fourteen voted for single tax and 596 against. Wilson 460, Taft 92, Roosevelt 37. Amendments were defeated in Boone county.

KANSANS VOTING FOR CAPPER

Returns Indicate Heavy Majority for Roosevelt Over Wilson—Heavy Vote on Suffrage.

Topeka, Nov. 6.—Returns received up to the present time indicate that Theodore Roosevelt has carried Kansas over Woodrow Wilson by probably 20,000 plurality.

Taft was running a poor third.

Arthur Capper, Republican, for governor, was leading George Hodges, Democrat, and W. R. Stubbs, Republican candidate for United States senate, had an indicated majority of 30,000 over William H. Thompson, Democrat.

The vote on the woman suffrage amendment was very heavy, and early returns indicated that it carried.

A complicated ballot delayed the returns.

The entire Republican state ticket appears to have a safe lead over the Democrats, but there seems to be trouble in store for some of the Republican congressmen.

When not a single precinct had reported any definite figures by 8 o'clock the Progressives were jubilant, as they were confident then that the slow count meant the scratching of the ballots by the voters and the voting for Roosevelt. When the returns did come in the prediction was carried out that Roosevelt was leading in nearly every precinct heard from and in many he had as many votes as Wilson and Taft together.

While the city was voting for Wilson and Thompson, Congressmen Campbell, Rees and Young of the third, fifth and sixth districts are having trouble and lots of it everywhere in their districts.

Finley, Republican, in the seventh is leading Neeley, the Democratic incumbent. Returns from the first district show Anthony leading Chapman by almost two to one, while Jackson in the fourth, and Murdock in the eighth, are safely ahead.

PRESS DISPATCH WAS AN ERROR

Story From Osawatomie Regarding Arrest of Harve McCoy for Crime Proves Erroneous.

A dispatch from Osawatomie, Kansas, which appeared in some newspapers October 11, stated that Harve McCoy of Osawatomie had been arrested and taken to jail at Paola on the charge of having killed George McElheny, postmaster at Louisburg. The dispatch was wholly in error. McCoy was not arrested on any charge and was not taken to jail at Paola or any other place. He had not been accused of any connection with the McElheny murder.

WILSON THE WINNER

(Continued from Page 1)

dicated the state had gone for Wilson by 20,000 as compared with 11,889 plurality for Bryan in 1908.

The first three precincts to report in Oklahoma gave the Wilson electors 126, Republican electors 144, but later returns reversed this early showing. Seven of the ten Republican electors are Roosevelt adherents. It has not been determined how they will vote should the Republicans carry the state.

Sixteen precincts in Oklahoma give the Democratic electors 1,057, Republican electors 539.

In the New England States.

Boston, Nov. 6.—Indications, with half the New England states tabulated, were that Massachusetts had favored a Democratic candidate for president for the first time in its history. Gov. Foss apparently was re-elected by an increased plurality and incomplete returns from the 16 congressional districts showed the Democrats to have made slight gains.

Returns from 547 out of 1,102 voting precincts in this state gave for president:

Roosevelt 53,644, Taft 59,893, Wilson 77,561.

Gov. Wilson's strength in Boston nearly equaled that of Col. Roosevelt and President Taft combined, the latter two dividing almost evenly the vote received by Taft four years ago.

Complete returns in the city showed Roosevelt 21,548, Taft 21,127, Wilson 42,706.

Maine Democratic.

Portland, Me., Nov. 6.—Success of the Democratic electoral ticket in Maine, which will give Wilson and Marshall six votes in the electoral college, was indicated by returns from three-fourths of the state showing Gov. Wilson had 45,444 votes, a plurality of 4,481 over Col. Roosevelt, and 16,664 over President Taft.

Connecticut for Wilson.

New Haven, Conn., Nov. 6.—With more than half the vote counted Connecticut has given Wilson and Marshall seven votes in the electoral college. Wilson so far has 55,073 votes, Taft 50,052, Roosevelt 24,913 The indications are that Gov. Baldwin, Democrat, has been re-elected by about 9,000 plurality, and that the Democrats have elected four out of five representatives.

Taft in New Hampshire.

Concord, N. H., Nov. 6.—Returns from 59 towns and city wards gave Taft 3,925, Wilson 3,821 and Roosevelt 1,869. The same places four years ago gave President Taft 6,101, Bryan 3,732.

Rhode Island Republican.

Providence, R. I., Nov. 6.—Returns for president from 12 towns and cities in Rhode Island give Taft 1,912, Wilson 1,123, Roosevelt 495. In 1908 these towns gave Taft 2,767, Bryan 516.

Texas for Wilson.

Austin, Tex., Nov. 6.—Rainy weather caused a big falling off in the Texas vote in north and central Texas. It is indicated by the early returns that less than 300,000 votes were cast. Based on the count as far as it has progressed it is probable that Wilson's vote is about 220,000, Roosevelt's 40,000 and Taft's about 35,000.

Des Moines, Ia., Nov. 6.—On the basis of the returns from 131 precincts outside of this county, Roosevelt leads Wilson in Iowa by 25,000.

The early returns indicate he is getting votes from both the old parties.

Wilson is almost holding the Democratic vote entire, but Taft appears to be polling only about a third of his vote of 1908.

In 105 precincts outside of Polk county (Des Moines) Taft received 5,568, Wilson 7,150 and Roosevelt 9,357.

Results in the West.

San Francisco, Nov. 6.—The San Francisco Bulletin, pro-Roosevelt, concedes the city to Wilson by 20,000. This may mean Roosevelt's defeat in California.

Forty-two precincts in Colorado, including ten in Denver, on straight ballots give Wilson 1,196, Roosevelt, 1,109, Taft 696.

Early returns from Scattered precincts indicate Wilson and the Democratic state ticket have carried Montana by small pluralities. The first six precincts reporting showed Wilson 513, Roosevelt 406, Debs 99.

NEED NOT RESIGN.

O'Brien May Remain on Normal Board if He Does Leave St. Joseph.

The St. Joseph Gazette in today's issue says:

It will not be necessary for J. B. O'Brien to resign from the board of regents of the Northwest State Normal at Maryville on account of his removal to St. Louis and from the Fifth normal district, so W. A. Blagg, president of the board of regents informed O'Brien yesterday while in St. Joseph on legal business.

As long as the regent is a resident of the state, he is qualified to hold his position as such, even if he has removed from the normal district from which he had been appointed prior to removal of residence from that district.

Birthday Dinner Surprise.

Mr. A. J. Anderson of Grand avenue was given a great surprise Tuesday evening, in the way of a 6 o'clock dinner party, planned by Mrs. Anderson and their daughter-in-law, Mrs. John Anderson. The day was Mr. Anderson's fifty-fourth birthday anniversary, and as he was so absorbed in the election and its possible and probable outcome, as he had been for days before, all arrangements for the dinner were made without having attracted his attention. The only thing that looked difficult was to keep him at home in the evening until things should become interesting uptown, along about 10 o'clock, when the returns would begin in earnest. He was induced to wait until 6 o'clock for supper and stay until 9 o'clock and play dominoes with Mrs. Anderson and their small granddaughter, Orrell Anderson. Everything worked like a charm, the guests came and caught the honor guest napping. The company proved very congenial and interesting, for all kinds of political faith was represented during the after-dinner talks, making rich and lively conversation. The dinner was served by Orrell Anderson and her guest, Beulah Mutz, daughter of Mr. and Mrs. Jay Mutz. The dinner company included Mr. and Mrs. A. J. Anderson, Mr. and Mrs. Walter Mutz, Beulah Mutz, Mr. and Mrs. O. W. Swinford, Mr. and Mrs. Robinson Craven, Mr. and Mrs. G. B. Holmes, Mrs. Anna Stauble, Mr. and Mrs. John Anderson and Miss Eva Rogers.

Held a Union Meeting.

The union meeting held Tuesday afternoon at the First Christian church by the C. W. B. M. and Young Ladies' Mission Circle to hear the report of the delegates to the national Church convention held recently at Louisville, Ky., was one of the most enjoyable and instructive meetings the two societies have ever held. As the day was very inclement, not all could attend that would have been there if the day had been good, and it is thought the meeting will be repeated for the benefit of those who could not be there. After the opening prayer by the pastor, Rev. Claude J. Miller, the audience joined in singing "Old Kentucky Home." A piano duet followed by Miss Mary Walkinshaw and Miss Grace Danner. "The Convention," as it appeared to her, was graphically given by Mrs. F. P. Robinson. It was a detailed account of the big sessions the music, the speeches, the people, speakers, pleasantries that occurred, and all, and when she came to the part where the reports of the work of the women was turned in, she sang the song, "Missouri Leads the Way," as sung by the Missouri delegation, when they gave the report that led all others in amount of money raised. Mrs. Claude J. Miller gave a statistical report of what she heard at the convention, and Rev. Miller gave his view of the work of the women in the church, and Mrs. W. C. Frank gave a summing of it all, and talked of the former pastors, Dr. Chilton and Dr. McCash, the prominence they have attained in the denomination, and of several other former pastors she met there, among them Elder N. E. Corey and Dr. L. O. Bricker. This talk by Mrs. Frank was especially appreciated by her fellow workers, because she has never been given to public speaking, but the inspiration she received at the great meeting at Louisville converted her into a fluent speaker on Tuesday. The meeting closed with a solo by Mrs. Robinson ...ng one of the songs used during the convention, "God Will Take Care of You." Mrs. Robinson gave this song in preference to those she sang herself at the convention. The social hour followed with luncheon. The honor guests was Mrs. J. H. Saunders, who was the first member of this church to take out a life membership in the C. W. B. M.

Ready to Hear Miss Morrison.

Morrison, of Maryville, who is a member of the University Girls' Concert Company that will give the first number of the State Normal Lecture course at the First M. E. Church Saturday night at 8 o'clock.

Guests of Maryville Friends.

Dr. and Mrs. H. S. Rowlett, of Graham, came to Maryville Tuesday evening to hear the election returns and were guests over night of Mr. and Mrs. Anderson Craig. On Wednesday they visited their cousin, Mr. and Mrs. J. F. Montgomery.

Social Election Night.

The Improvement Society of the Methodist Church at Burlington Junction gave a social in the church parlors Tuesday night. It is safe to guess what the principal topic of conversation was.

SAGE-TEA WILL DARKEN THE HAIR

Restore Faded and Gray Hair to Natural Color--Dandruff Quickly Removed.

There is nothing new about the idea of using Sage for restoring the color of the hair. Our grandmothers kept their hair dark, glossy and abundant by the use of a simple "Sage Tea." Whenever their hair fell out or took on a dull, faded or streaked appearance, they made a brew of Sage leaves, and applied it to their hair with wonderfully beneficial effect.

Nowadays we don't have to resort to the old-time tiresome method of gathering the herbs and making the tea. This is done by skillful chemists better than we could do it ourselves; and all we have to do is to call for the ready-made product, Wyeth's Sage and Sulphur Hair Remedy, containing Sage in the proper strength, with the addition of Sulphur, another old-time scalp remedy.

This preparation gives youthful color and beauty to the hair, and is one of the best remedies you can use for dandruff, dry, feverish, itching scalp, and falling hair. Get a fifty cent bottle from your druggist today, and you will be surprised at the quick results. All druggists sell it, under guarantee that the money will be refunded if the remedy is not exactly as represented.

THE UNIVERSITY GIRLS

THE new[s] successful effort to organize a company of instrumental musicians [who] are also good singers is seen in the University Girls, which is correctly denominated "a singing orchestra." The company gives a most pop[ular] program, consisting of instrumental numbers, vocal quartets, solos, re[adings] and other entertainment specialties. Some of the numbers are given [in] picturesque costumes that add attractiveness to the program.

Miss [Mo]hrman, the leader of the company, has made an enviable record [as] a band, first [vio]linist of the Boston Fadettes, and has filled other important positions. [Mi]ss Mildred Morrison, soprano soloist with the company, and Miss Doll[ie] McDonnell, reader, have each made exceptional records. It is a company of [unu]sual merit.

REAL ORIGIN OF THE PEARL

Science Has Rudely Shattered Poetic Idea That Has Been Held For Centuries.

For many centuries, even until comparatively recent times, it was the common belief that pearls were drops of dew that gained entrance into the shell of an oyster, and were there transpired into lustrous gems. Arab and Indian divers still believe that at certain seasons oysters come to the surface and suck in the rain-drops that later become pearls. Science, however, has rudely shattered this poetic fancy, and discovered the real origin to be a worm. Dr. Hugh M. Smith gives some interesting information on this subject in the National Geographic Magazine.

We now know that almost any foreign body—a grain of sand, a bit of mud or shell, a piece of seaweed or a small animal—may by its irritation cause the mollusk to cover it with nacre and make it the nucleus of a pearl; but the largest part of the annual pearl-crop of the world is due to parasites that normally pass a part of their life-cycle within the shell of the pearl-oyster.

Minute spherical larvae of marine worms known as Cestodes become embedded in the soft tissues, as many as forty having been found in one Ceylon oyster. As the result of irritation, the oyster forms a protecting sac about the intruder, and then, if the larva dies, its body is gradually converted into carbonate of lime, and the pearly mass proceeds to grow with the shell.

If the larva lives, it may pass into the body of the strong-jawed trigger-fishes which prey on the pearl-oysters, there undergoing further development. Ultimately it reaches the body of the great rays, which in turn eat the trigger-fishes. In the rays the worms attain full development, and produce larvae that are cast into the sea and find lodgment in pearl-oysters. Thus the cycle is begun once more.

We may literally accept the saying of a celebrated French investigator, that "the most beautiful pearl is in reality only the brilliant sarcophagus of a worm."

NO SATISFYING PASS FIEND

Comedian Relates Story That Would Seem to Be Almost the Limit Even in That Line.

Raymond Hitchcock is to be credited with this story, says the New York correspondent of the Cincinnati Times Star. He deserves it, for of late he has milked cows from the wrong side, fussed with his wife on the deck of an ocean liner and been kicked into the water by a motor boat in his hunt for first page position and something better than a No. 4 headline. "An old friend of mine came to me last winter," said Hitchcock, "and asked me to get him tickets to the show in which I was then appearing. 'I would if I could, old chap,' I said, 'but honestly, I can't get 'em for you. I have no account at the box office. The only way in which I can get you tickets would be to pay for them out of my own pocket.'

"'Aw,' said he, 'any old place will do. I don't care where I sit. See if they won't let you have a pair for me. Explain to 'em that I'm an old friend.'"

Mr. Hitchcock admittedly lost his temper. He pulled a five-dollar bill out of his pocket and walked toward the box office window. They had been standing in the theater lobby. "I'll prove to you," he said, sourly, "that I have been telling the truth." And to the man behind the cash register: "Two seats at a dollar and a half each." And then he handed them to the persistent pass grafter. "Now," said he, "I hope you're satisfied."

"'Yep,' said the other. 'I am, and my wife will be tickled to death. But, gee, my sister-in-law will be disappointed because I only got two.'"

Size and Strength.

Increase of population is not necessarily a good thing of itself, nor is a low birth rate necessarily a bad thing. Increase of population does not even make necessary additions to the national strength.

England would be a stronger nation than she is today if her population had not out-run her food supply. Many thoughtful observers believe the same true of Germany.

Patrons of the prize ring used to say that a man weighing 180 pounds weighed enough. A man of that weight was deemed big enough to encounter any adversary, and additional weight was thought as likely to be a hindrance as a help.

The rule may hold good with nations as with men, though to be sure no one knows where to draw the line. But the nation which is much too big to feed itself has taken on a handicap, to say the least.

Bicycles in France.

The number of bicycles in France appears to be on the increase, judging from the latest returns for 1911, which give a total of 3,009,626, as compared with 2,697,406 of the previous year. The total revenue from the tax on bicycles last year amounted to upward of nine millions of francs, or about half a million francs more than in 1910. The ten departments having the greatest number of bicycles last year were those of the Seine, with 309,759; Nord, 159,656; Seine-et-Oise, 97,271; Gironde, 75,390; Pas-de-Calais, 70,610; Seine-Inferieure, 62,997; Maine-et-Loire, 60,265; Saone-et-Loire, 58,595; Seine-et-Marne, 55,594; Loiret, 54,510. The department with the smallest number was that of Lozere, with only 2,920 cycles.

"See That Bald Headed Young Man!"

"I know he is only 38," said one young lady to another at a social function, "but he looks like 50."

"Better say he looks like 60," replied the other.

Young men who use PARISIAN Sage never grow bald because the hair root is supplied with plenty of nature's own nourishment, which means at all times an abundance of healthy hair.

Young man, if your hair is thinning out; if that little bald spot on top is beginning to spread, try PARISIAN Sage. It is guaranteed by the Koch pharmacy to stop falling hair, banish dandruff and scalp itch, or money back. 50 cents at dealers everywhere. —Advertisement.

Snail Lives Without Air.

While the snail has lungs, heart, and a general circulation, and is in every respect an air breathing creature, it can nevertheless exist indefinitely without inhaling the least breath of air, the element that is usually considered the essential to existence in all creatures supplied with lungs. "To all organized creatures," said Leppert, "the removal of oxygen, water, nourishment, and heat causes death to ensue." When that statement was made Leppert did not appear to consider the snail as one among the great host of "organized creatures," for experiments by Spallanzani have proved that any or all the usual life conditions can be removed in the case of the snail without terminating its existence or in any way impairing its functions. The common snail retreats into his shell on the approach of frosty weather, and the opening or mouth of its shell is hermetically sealed by a secretion which is of a silky texture and absolutely impervious to air and water. In this condition it is plain that it is deprived of three of the four elements of life mentioned above—air, water, and nourishment.

New Yorker in the Provinces.

"Don't tell them out in the provinces that you are a New Yorker," remarked an old-time "drummer" to a younger commercial traveler, "or they will stick you half the time. Here's an instance: I was just starting home from a city in the far west, and a few minutes before train time broke the glass in my watch. There was a watchmaker's shop opposite the station, and I rushed in with a request for hasty repairs, as I was just starting for New York. The watch mechanic looked me over, and apparently sized me up as a New Yorker. He went to his bench, fooled around for a minute or two, snapped the case shut, handed me the timepiece and demanded 50 cents. I poked the watch in my pocket and caught the rear platform as the train rolled out. When I looked at the watch an hour later there was no sign of a crystal in it."—New York Tribune.

DAILY DEMOCRAT FORUM

Largest Circulation of any Daily Paper in any Missouri Town of 5000 Population

VOLUME 3. MARYVILLE, MISSOURI, WEDNESDAY, NOV. 6, 1912. NO. 134.

THE PEOPLE HEARD

THE DEMOCRAT-FORUM'S ELECTION RETURNS POPULAR.

CROWD AT COURT HOUSE

Both General and County Returns Received Promptly and Fully So the People Might Know.

The quickest and most complete election returns ever given to the people of Nodaway county were received and distributed by The Democrat-Forum's service at the court house Tuesday night. As early as 6 o'clock the crowd began to gather, and from 7 o'clock until late into the morning Wednesday the court room was crowded.

The service was given to the public, and both men and women of all parties were invited and made welcome. All shades of belief were well represented although there wasn't much opportunity for Republicans to exercise their lungs. However, while Governor Wilson seemed to be sweeping the country the adherents of Mr. Taft and Mr. Roosevelt found chances to cheer as their respective candidates seemed to be fighting hard for second place.

It was a perfectly orderly and well behaved crowd. Many ladies were present and entered into the enjoyments and disappointments of the returns. Several little boys and girls sat and listened attentively and cheered for their favorites, through the long hours when little folks are usually asleep.

The Democrat-Forum believes it was the best organized effort to give the people quick information ever made here. A special wire was run into a private room at the court house and was in charge of the operator, Scribner Beech, Jr. The telegraph returns were received there and sent into the court room, where they were read to the people by Attorney Charles McCaffrey, whose full-grown voice left no one in doubt as to what they were. Important bulletins were also displayed on a large blackboard, so they could be read and studied and compared while waiting for further news.

In another private room three telephones had been run by the courtesy of the Hanamo, Bell and Farmers managements, and from these the returns from the county were received. Arrangements had been made with some one in every precinct in the county to phone in the returns as soon as counted. It was also arranged that they should come about equally divided between the three different phones, so there would be no congestion on either. Ed Orear and George Robb Ellison received at two of the phones and a Democrat-Forum representative at the other. Another representative of this paper was busy all the while preparing a table of the vote for today's issue of the paper. The county returns were also placed on a large blackboard in the court room by a Democrat-Forum man and Professor Oakerson, so the people could see just what each precinct was doing for each candidate, and totals were displayed showing just how the various county candidates stood at all times.

This was an interesting feature, as there were several close races, and they were close throughout the whole evening. The final results on representative and treasurer were not known until 2 o'clock, when the vote of Hopkins, the last to be received, came in. After this the final totals were read to the crowd that still remained, and as a telegram had been received that Roosevelt had conceded Wilson's election and sent him a telegram of congratulation, there was little else of importance to be had, and the people dispersed to their homes, some happy and others not so happy.

Mrs. Samuel Schneider and daughter of Arkoe were Maryville visitors Tuesday.

WILSON THE WINNER

DEMOCRATIC CANDIDATE HAS SUBSTANTIAL MAJORITY.

ROOSEVELT RUN SECOND

Returns Indicate a Widespread and Sweeping Victory for the Democratic Party.

Wilson	397
Roosevelt	74
Taft	14
Necessary to elect	266

Wilson will probably carry Illinois and Iowa, but it will take the official vote to decide. Wilson has a good show to carry Kansas. Wilson has carried New York, Massachusetts, Connecticut, Rhode Island, Maine, New Hampshire, New Jersey, Missouri, Maryland, Delaware, Ohio, Indiana, Nebraska, Arkansas, Colorado, Oklahoma, North Dakota, Wisconsin, Virginia, West Virginia, North Carolina, South Carolina, Georgia, Florida, Alabama, Mississippi, Tennessee, Louisiana, Texas, Kentucky, Minnesota, Montana, Oregon, New Mexico, Arizona and Nevada.

Taft carried Arizona, Nevada, Utah and Vermont.

Roosevelt carried Michigan, Washington, Pennsylvania and probably Kansas. Wyoming and Oregon were not heard from up to a late hour this afternoon.

In the race Roosevelt received a bigger popular vote than Taft, while the early returns are that Taft will be second in Missouri with Roosevelt as third.

Kansas City, Nov. 6.—The election of Gov. Wilson of New Jersey as president, and Gov. Marshall of Indiana, as vice-president, by a safe majority of electoral votes, was made certain by incomplete returns already received from the country at large.

The returns gave to Gov. Wilson the "Solid South," embracing all Democratic states south of the Potomac, and Connecticut, Delaware, Kentucky, Maine, Maryland, Massachusetts, New York and apparently West Virginia, Indiana and Missouri.

Roosevelt's victory in Illinois, conceded early in the evening by the Democratic leaders, promised to carry with it a plurality greater than 100,000. New Hampshire and Vermont have apparently given a majority to Taft on the basis of the fairly comprehensive returns so far received.

Pennsylvania in Doubt.

Pennsylvania was claimed by the Progressives and the Democrats, and the count was so slow that the result there might be delayed for some time.

Iowa apparently is safe for Roosevelt. The same may be said of Kansas.

The next house will be Democratic, and indications are now that enough states legislatures have been completed to give the party a working majority in the senate.

Wired Wilson the News.

New York, Nov. 6.—Early returns from New York and the seaboard states were the cause of much exultation at Democratic national headquarters. Chairman McCombs soon after 7 o'clock sent word to Gov. Wilson that his election was indicated by an overwhelming vote.

Long Ballot Delays Returns.

Omaha, Nov. 6.—Returns received from Omaha and Lincoln and scattering precincts over the state showed a clear plurality for Gov. Wilson. Should the remainder of the state show the same results the New Jersey governor will have the Nebraska electoral vote by safe plurality. A 6-foot ballot greatly delayed gathering the returns.

Illinois to T. R.

Chicago, Nov. 6.—Col. Roosevelt apparently swept Illinois in the race for the presidency.

According to returns so far received, the indications are that the colonel has carried the state by 100,000 votes.

Judge Dunne, Democrat, of Chicago, appeared to have won the gubernatorial fight, with Deneen, Republican, second and Funk, Progressive, third.

Michigan Progressives Lead.

Detroit, Mich., Nov. 6.—Scattering and incomplete returns from throughout the state indicate that Roosevelt is leading by a good plurality. Musselman, Republican, and Ferris, Democrat, candidates for governor, are running very close. The complete returns will be late on account of the complicated ballot.

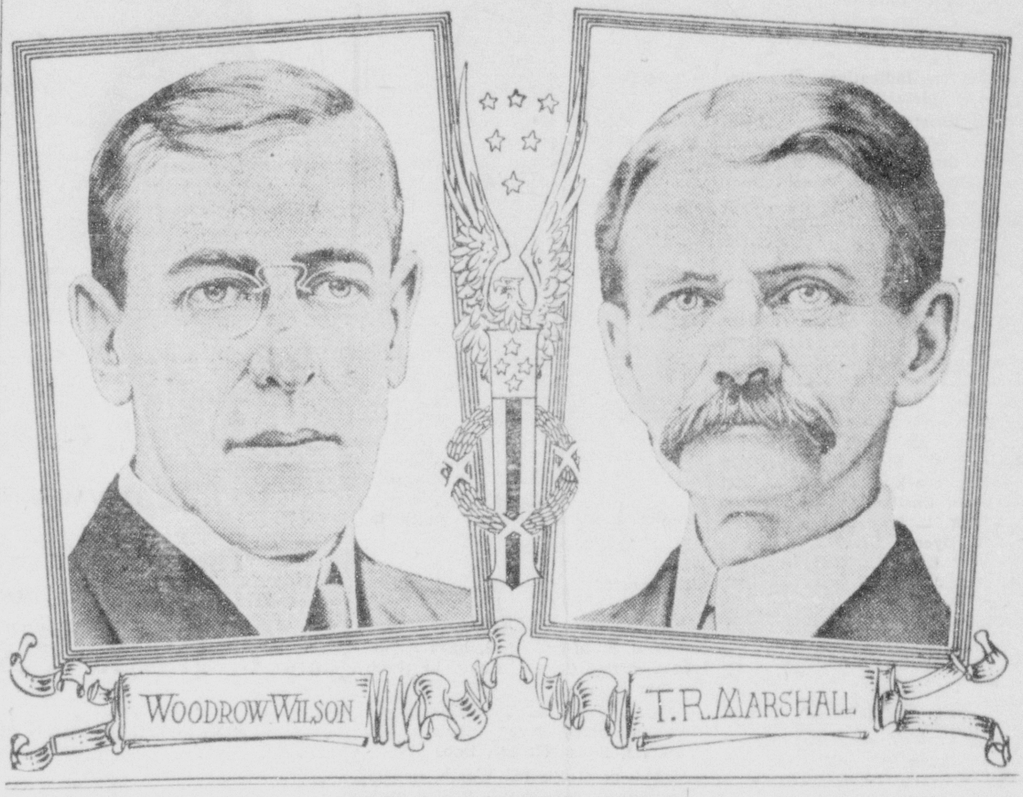
Roosevelt Running Second.

New York, Nov. 6.—New York state will cast its 45 electoral votes for Gov. Woodrow Wilson for president. Roosevelt is running next to Wilson in New York city, while Taft is second upstate.

Which will be low man in the contest it is yet impossible to say.

Seventeen hundred election districts out of the 1,730 in the city of New York give Wilson 306,362, Taft 125,-

THE NEXT PRESIDENT AND VICE-PRESIDENT



BOOHER RE-ELECTED.

His Majority Will Run Over the 5,000 Mark Over His Two opponents.

Congressman Charles F. Booher was re-elected at the election Tuesday by the biggest majority ever received by a congressional candidate in this district. His majority will be 5,000 or over. His plurality over Hickman will be about 7,000.

From unofficial returns received by this paper this afternoon the vote of the district, with Buchanan county still out, was Booher, 9,651; Hickman, 5,426; Robinson, 2,554. Booher will carry Buchanan county by from 2,000 to 3,000, and Fred P. Robinson received about 2,000 votes in that county, so it is estimated by the News-Press of that city.

The vote over the district is as follows:

Platte—Booher, 2,650; Hickman, 325; Robinson, 280.

Andrew—Booher, 1,928; Hickman, 1,458; Robinson, 385.5

Holt—Booher, 706; Hickman, 833; Robinson, 269.

Atchison—Booher, 1,400; Hickman, 700; Robinson, 300.

Nodaway—Booher, 3,467; Hickman, 2,040; Robinson, 1,396.

CRAIG ELECTED SENATOR.

Received a Big Vote Over Peck All Over This Senatorial District.

Anderson Craig of this city was elected by a big vote as state senator from this district. J. W. Peck was his opponent, and in order to vote for him it was necessary to write his name on the ballot.

On Six Weeks' Visit.

Mr. and Mrs. J. H. Allen left Tuesday evening on a six weeks' visit at Mountain Grove and Joplin, Mo., and Oklahoma City, with relatives.

The visiting teachers will begin arriving Wednesday afternoon. A reception committee composed of John I. Hoffman, Prof. W. M. ALL AGAINST THEM

CONSTITUTIONAL AMENDMENTS ALL WENT TO DEFEAT.

SING. TAX SNOWED UNDER

Heavy Vote in This County Against All Amendments, and All Are Lost in the State.

Nodaway county defeated all of the amendments and gave a big vote against the single tax amendment and also the single tax commission board, which amendments were No. 6 and 7. The total vote of the county shows that on No. 6, 6,436 votes were cast, and only 263 votes out of that number were cast in favor of the single tax amendment. On No. 7, the amendment providing for a tax commission board, the vote in favor of the amendment was 374, and the vote against it 6,173.

In Maryville and Polk township the single tax amendments were also badly defeated by a big a vote as in the country districts of the county. The vote for No. 6 was 97 for and 1,456 against; on No. 7, 134 yeas and 1,281 no.

The mill tax amendment was also badly snowed under in the county by a vote of 1,462 for to 5,914 against. In Maryville and Polk township the vote on this amendment was 486 for and 988 against.

While the figures of the state are not obtainable today on the amendments, the single tax amendments were overwhelmingly defeated in Missouri. In the cities the vote in favor of these amendments fell far short of the expectations of the friends of the proposals. All of the amendments were defeated in the state.

The following is the amendment vote of Nodaway county:

	Yes	No.
No. 1	1,620	2,671
No. 2	980	4,797
No. 3	885	4,862

No. 5	1,142	4,595
No. 6	263	6,299

No. 9	1,462	5,914

WILSON LED BY 1,000.

Result of Straw Vote in Ames Agricultural College Gave Democratic Nominee Preference.

Harold Bellows, son of Mr. and Mrs. George P. Bellows, returned to his studies at Ames Agricultural college Tuesday noon, having come home Sunday to cast his first vote. His cousin, Dale Bellows, also a student at Ames, lacked but four days of being old enough to cast his first vote.

Mr. Bellows said that a straw vote was taken at Ames college last Friday, and all the 2,500 boys there made their preference for president known. Wilson led by 1,000, Roosevelt second, and Taft and Debs tied with sixty votes each.

Left for San Antonio.

Mrs. Walton J. Holt left Tuesday evening for San Antonio, Texas, on a visit to Mrs. Holt's father, Louis William Hastings.

MIXED IN COUNTY

DEMOCRATS GET ALL BUT THREE COUNTY OFFICERS.

LOST BY NARROW MARGIN

A Full Vote Out and Hard Fights on Representative, Treasurer and Members of County Court.

About 7,000 votes were cast for the three presidential candidates in Nodaway county Tuesday, which, under the last census may be regarded as a large vote. The voting, like the whole campaign, was quiet but determined. The Democratic vote for president was 3,489, Taft receiving 2,135 and Roosevelt 1,301. Wilson's plurality over Taft was 1,354, according to an accurate but unofficial count.

The state ticket was practically the same as for president, Mr. Major getting 3,500, McKinley 2,188 and Norton 1,238. The Democratic and Republican candidates for governor ran slightly ahead of the presidential candidates of the old parties, while Judge Norton fell a little behind Colonel Roosevelt. Major's plurality over McKinley is 1,312.

While some Democrats, feeling that their candidate had a walkaway for congress, cast complimentary votes for Attorney F. P. Robinson because of his residence in this county, a number of Republicans apparently voted for the Democratic nominee. This vote therefore shows a loss for the Republican candidate, from the head of the ticket, a gain of 95 for the Progressive candidate and the Democratic candidate running close to Governor Wilson. The vote stands Booher 3,467, Hickman 2,040, and Robinson 1,396, giving Mr. Booher a plurality of 1,427. Booher's plurality is therefore 73 larger than Wilson's and 115 larger than Major's plurality.

Anderson [illegible] received 3,267 [illegible] ator Peck will cut his name be[illegible] Craig's majority [illegible] and in the district [illegible] ing.

On county offices there [illegible] range of changes and considerable scratching. The hard fight in the county, the advocates of the county unit act, coupled with the joint nomination of Praisewater on the Republican and Progressive tickets, seems to have been too much for Mr. Skidmore, the Democratic nominee for representative, and he went down by the narrow margin of 45 votes. The total vote was: Skidmore, 3,450, Praisewater 3,495. The Republicans scored another close victory in the north county court district, and Mr. Bailey was elected judge by a majority of 58. The vote stood: Blackford, 1,479, Bailey 1,537. The fight for judge of the south district was also a hard one, and it appeared that the Republicans were hard after the county court. The Democrats won in this contest, though, by a majority of 23, the vote standing Westfall 1,969, Schmidt 1,946.

George Pat Wright took Earl Wiles to the races and tucked away the prosecuting attorneyship by a majority of 836, which was the largest majority won by any Democratic candidate over the combined opposition of both the Republican and Bull Moose tickets. Mr. Wright's vote was 3,868, Mr. Wiles received 3,032.

Edwin Wallace, the Democratic candidate for sheriff, while a new hand at the business, displayed a remarkable capacity for finish races and a great appetite for votes. He took George Evans, an old-time campaigner, down the line to defeat to the tune of 796. Wallace's vote was 3,846, Evans 3,050.

The hardest fought race in the county was between Ed Wolfert, Democrat, and Billy Tilson, Republican, for treasurer. All the resources of the party politicians were drawn upon in the effort to save Tilson, and other offices were apparently sacrificed. Mr. Wolfert made his first fight for election to office, but made a clean fight, and lost by the narrow margin of 23. The vote stood Wolfert 3,441, Tilson 3,464.

Other results were as follows: For surveyor, Reece 3,424, Miller 2532; Reece's majority, 892. For coroner, Dr. William Wallis, Jr. 3,550, Dr. D. J. Hunterson 3,378; Wallis' majority 172. For public administrator, J. F. Roelofson 3,467, Ira K. Alderman, only on Progressive ticket, 1,179.

The amendments were all badly defeated.

The W. O. W. Circle will give a social Wednesday evening in W. O. W. hall. Free lunch consisting of doughnuts and cider. The Woodmen, their family and friends are invited.

St. Louis, Nov. 5.—Wilson has carried Missouri. Elliot W. Major, the Democratic nominee for governor, has been elected. The entire state ticket has been won by the Democrats and 12 of 16 congressional districts. Democratic congressmen probably will be returned from two of the four doubtful districts.

At present meager returns from over the state indicate that Mr. Taft and the Republican state ticket are running ahead of Col. Roosevelt and the Progressive state ticket.

The lead taken by the Progressives in several western Missouri counties

ELLIOTT W. MAJOR.
Returns Indicate His Election as Governor of Missouri.

was being overcome by heavy votes for the Republican ticket in the eastern tier of counties.

How large Wilson's and Major's majorities will be in Missouri is purely guess work from the incomplete returns. A conservative estimate would place each majority above 50,000.

McKinley, the Republican nominee for governor, will poll a larger vote than Nortoni. Roosevelt is leading the Progressive ticket in every county.

Accurate figures on the gubernatorial race will not be available for several days, as in many of the counties in the eastern portion of the state, no count was kept of the vote cast for the Progressive candidates.

Wilson Won St. Louis.

The single tax amendment has been swamped under an avalanche of noes. In some counties the amendment is being beaten 100 to 1. The majority against the amendment will be more than 400,000 votes if the present ratio is maintained.

While Wilson is leading in Kansas City, with Roosevelt a close second and Taft a poor third, the position is reversed in St. Louis. Arthur J. Fitzsimmons, Democratic city chairman claimed that Wilson would carry the city by more than 7,000 votes and that the entire Democratic city ticket has been elected.

The early returns bore out his figures, but the heavy Republican precincts had not yet been counted.

The Progressive party showed its greatest strength in the western half of the state. T... the new party either was leading the old Republican ticket or breaking about even. The Democratic vote, outside of Jackson county, was holding up to the figures of four years ago.

From All Over the State.

St. Joseph, Mo., Nov. 6.—Seven out of 15 precincts, Caldwell county, give Taft, 494; Wilson 490; Roosevelt 185 for president. Remainder of ticket in about same proportion.

Wilson and the state ticket carried Clinton county by 1,200. Roosevelt and Nortoni defeated Taft and McKinley by 200. Single tax was defeated by 3,000.

Wilson will have a majority of 650 in Maries county. Five precincts out of 13 give Wilson 595; Taft 153. State and county ticket running about the same. Roosevelt's vote small.

Six out of ten precincts in Daviess county give Taft 336; Wilson, 658; Roosevelt, 359. All amendments defeated in this county.

Eleven out of 17 precincts in Vernon county give Wilson 719, Taft 391, Roosevelt 143. Single tax, 30 yes, 1,072 no.

Wilson got 1,794 in Platte county, Taft 292, and Roosevelt 192.

Taft and the Republican state ticket

JOHN C. McKINLEY,
Who Led the Republican Party in State Campaign.

are reported to have won in Harrison county by a small majority.

Wilson and the Democratic ticket, national, state and local, have apparently carried Gentry county by three or four hundred.

Thirteen out of 21 precincts in Dunklin county give Wilson 1,342, Taft 323, Roosevelt 147, Debs 547.

Eight precincts in Worth county give Wilson 452, Taft 320, Roosevelt 164. Single tax badly beaten, as are other amendments.

The Democrats swept Clay county, about 3 to 1. The total vote was about 5,000. Single tax was beaten about 10 to 1.

The vote in Centralia was 610, unusually large. Fourteen voted for single tax and 596 against. Wilson 460, Taft 92, Roosevelt 37. Amendments were defeated in Boone county.

KANSANS VOTING FOR CAPPER

Returns Indicate Heavy Majority for Roosevelt Over Wilson—Heavy Vote on Suffrage.

Topeka, Nov. 6.—Returns received up to the present time indicate that Theodore Roosevelt has carried Kansas over Woodrow Wilson by probably 20,000 plurality.

Taft was running a poor third.

Arthur Capper, Republican, for governor, was leading George Hodges, Democrat, and W. R. Stubbs, Republican candidate for United States senate, had an indicated majority of 30,000 over William H. Thompson, Democrat.

The vote on the woman suffrage amendment was very heavy, and early returns indicated that it carried.

A complicated ballot delayed the returns.

The entire Republican state ticket appears to have a safe lead over the Democrats, but there seems to be trouble in store for some of the Republican congressmen.

When not a single precinct had reported any definite figures by 8 o'clock the Progressives were jubilant, as they were confident then that the slow count meant the scratching of the ballots by the voters and the voting for Roosevelt. When the returns did come in the prediction was carried out that Roosevelt was leading in nearly every precinct heard from and in many he had as many votes as Wilson and Taft together.

While the city was voting for Wilson and Thompson, Congressmen Campbell, Rees and Young of the third, fifth and sixth districts are having trouble and lots of it everywhere in their districts.

Finley, Republican, in the seventh is leading Neeley, the Democratic incumbent. Returns from the first district show Anthony leading Chapman by almost two to one, while Jackson in the fourth, and Murdock in the eighth, are safely ahead.

PRESS DISPATCH WAS AN ERROR

Story From Osawatomie Regarding Arrest of Harve McCoy for Crime Proves Erroneous.

A dispatch from Osawatomie, Kansas, which appeared in some newspapers October 11, stated that Harve McCoy of Osawatomie had been arrested and taken to jail at Paola on the charge of having killed George McElheny, postmaster at Louisburg. The dispatch was wholly in error. McCoy was not arrested on any charge and was not taken to jail at Paola or any other place. He had not been accused of any connection with the McElheny murder.

WILSON THE WINNER

(Continued from Page 1)

dicated the state had gone for Wilson by 20,000 as compared with 11,889 plurality for Bryan in 1908.

The first three precincts to report in Oklahoma gave the Wilson electors 126, Republican electors 144, but later returns reversed this early showing. Seven of the ten Republican electors are Roosevelt adherents. It has not been determined how they will vote should the Republicans carry the state.

Sixteen precincts in Oklahoma give the Democratic electors 1,057, Republican electors 539.

In the New England States.

Boston, Nov. 6.—Indications, with half the New England states tabulated, were that Massachusetts had favored a Democratic candidate for president for the first time in its history. Gov. Foss apparently was re-elected by an increased plurality and incomplete returns from the 16 congressional districts showed the Democrats to have made slight gains.

Returns from 547 out of 1,102 voting precincts in this state gave for president:

Roosevelt 55,641, Taft 59,803, Wilson 77,561.

Gov. Wilson's strength in Boston nearly equaled that of Col. Roosevelt and President Taft combined, the latter two dividing almost evenly the vote received by Taft four years ago.

Complete returns in the city showed Roosevelt 21,548, Taft 21,127, Wilson 42,706.

Maine Democratic.

Portland, Me., Nov. 6.—Success of the Democratic electoral ticket in Maine, which will give Wilson and Marshall six votes in the electoral college, was indicated by returns from three-fourths of the state showing Gov. Wilson had 45,444 votes, a plurality of 4,481 over Col. Roosevelt, and 16,664 over President Taft.

Connecticut for Wilson.

New Haven, Conn., Nov. 6.—With more than half the vote counted Connecticut has given Wilson and Marshall seven votes in the electoral college. Wilson so far has 55,073 votes, Taft 50,052, Roosevelt 24,913 The indications are that Gov. Baldwin, Democrat, has been re-elected by about 9,000 plurality, and that the Democrats have elected four out of five representatives.

Taft in New Hampshire.

Concord, N. H., Nov. 6.—Returns from 50 towns and city wards gave Taft 3,925, Wilson 3,821 and Roosevelt 1,869. The same places four years ago gave President Taft 6,101, Bryan 3,792.

Rhode Island Republican.

Providence, R. I., Nov. 6.—Returns for president from 12 towns and cities in Rhode Island give Taft 1,912, Wilson 1,123, Roosevelt 495. In 1908 these towns gave Taft 2,767, Bryan 516.

Texas for Wilson.

Austin, Tex., Nov. 6.—Rainy weather caused a big falling off in the Texas vote in north and central Texas. It is indicated by the early returns that less than 300,000 votes were cast. Based on the count as far as it has progressed it is probable that Wilson's vote is about 220,000, Roosevelt's 40,000 and Taft's about 35,000.

Des Moines, Ia., Nov. 6.—On the basis of the returns from 131 precincts outside of this county, Roosevelt leads Wilson in Iowa by 25,000.

The early returns indicate he is getting votes from both the old parties.

Wilson is almost holding the Democratic vote entire, but Taft appears to be polling only about a third of his vote of 1908.

In 105 precincts outside of Polk county (Des Moines) Taft received 5,568, Wilson 7,150 and Roosevelt 9,357.

Results in the West.

San Francisco, Nov. 6.—The San Francisco Bulletin, pro-Roosevelt, concedes the city to Wilson by 20,000. This may mean Roosevelt's defeat in California.

Forty-two precincts in Colorado, including [illegible] in Denver, on straight ballots give Wilson 1,196, Roosevelt, 1,109, Taft 696.

Early returns from Scattered precincts indicate Wilson and the Democratic state ticket have carried Montana by small pluralities. The first six precincts reporting showed Wilson 513, Roosevelt 406, Debs 99.

NEED NOT RESIGN.

O'Brien May Remain on Normal Board if He Does Leave St. Joseph.

The St. Joseph Gazette in today's issue says:

It will not be necessary for J. B. O'Brien to resign from the board of regents of the Northwest State Normal at Maryville on account of his removal to St. Louis and from the Fifth normal district, so W. A. Blagg, president of the board of regents informed O'Brien yesterday while in St. Joseph on legal business.

As long as the regent is a resident of the state, he is qualified to hold his position as such, even if he has removed from the normal district from which he had been appointed prior to removal of residence from that district.

Birthday Dinner Surprise.

Mr. A. J. Anderson of Grand avenue was given a great surprise Tuesday evening, in the way of a 6 o'clock dinner party, planned by Mrs. Anderson and their daughter-in-law, Mrs. John Anderson. The day was Mr. Anderson's fifty-fourth birthday anniversary, and as he was so absorbed in the election and its possible and probable outcome, as he had been for days before, all arrangements for the dinner were made without having attracted his attention. The only thing that looked difficult was to keep him at home in the evening until things should become interesting uptown, along about 10 o'clock, when the returns would begin in earnest. He was induced to wait until 6 o'clock for supper and stay until 9 o'clock and play dominoes with Mrs. Anderson and their small granddaughter, Orrell Anderson. Everything worked like a charm, the guests came and caught the honor guest napping. The company proved very congenial and interesting, for all kinds of political faith was represented during the after-dinner talks, making rich and lively conversation. The dinner was served by Orrell Anderson and her guest, Beulah Mutz, daughter of Mr. and Mrs. Jay Mutz. The dinner company included Mr. and Mrs. A. J. Anderson, Mr. and Mrs. Walter Mutz, Beulah Mutz, Mr. and Mrs. O. W. Swinford, Mr. and Mrs. Robinson Craven, Mr. and Mrs. G. B. Holmes, Mrs. Anna Stauble, Mr. and Mrs. John Anderson and Miss Eva Rogers.

Held a Union Meeting.

The union meeting held Tuesday afternoon at the First Christian church by the C. W. B. M. and Young La[illegible] Mission Circle to hear the repo[illegible] the delegates to the national convention held recently at Louisville, Ky., was one of the most enjoyable and instructive meetings the two societies have ever held. As the day was very inclement, not all could attend that would have been there if the day had been good, and it is thought the meeting will be repeated for the benefit of those who could not be there. After the opening prayer by the pastor, Rev. Claude J. Miller, the audience joined in singing "Old Kentucky Home." A piano duet followed by Miss Mary Walkinshaw and Miss Grace Danner. "The Convention," as it appeared to her, was graphically given by Mrs. F. P. Robinson. It was a detailed account of the big sessions the music, the speeches, the people, speakers, pleasantries that occurred, and all, and when she came to the part where the reports of the work of the women was turned in, she sang the song, "Missouri Leads the Way," as sung by the Missouri delegation, when they gave the report that led all others in amount of money raised. Mrs. Claude J. Miller gave a statistical report of what she heard at the convention, and Rev. Miller gave his view of the work of the women in the church, and Mrs. W. C. Frank gave a summing of it all, and talked of the former pastors, Dr. Chilton and Dr. McCash, the prominence they have attained in the denomination, and of several other former pastors she met there, among them Elder N. E. Corey and Dr. L. O. Bricker. This talk by Mrs. Frank was especially appreciated by her fellow workers, because she has never been given to public speaking, but the inspiration she received at the great meeting at Louisville converted her into a fluent speaker on Tuesday. The meeting closed with a solo by Mrs. Robinson [illegible]ng one of the songs used during the convention, "God Will Take Care of You." Mrs. Robinson gave this song in preference to those she sang herself at the convention. The social hour followed with luncheon. The honor guests was Mrs. J. H. Saunders, who was the first member of this church to take out a life membership in the C. W. B. M.

Ready to Hear Miss Morrison.

Morrison, of Maryville, who is a member of the University Girls' Concert Company that will give the first number of the State Normal Lecture course at the First M. E. Church Saturday night at 8 o'clock.

Guests of Maryville Friends.

Dr. and Mrs. H. S. Rowlett, of Graham, came to Maryville Tuesday evening to hear the election returns and were guests over night of Mr. and Mrs. Anderson Craig. On Wednesday they visited their cousin, Mr. and Mrs. J. F. Montgomery.

Social Election Night.

The Improvement Society of the Methodist Church at Burlington Junction gave a social in the church parlors Tuesday night. It is safe to guess what the principal topic of conversation was.

SAGE-TEA WILL DARKEN THE HAIR

Restore Faded and Gray Hair to Natural Color--Dandruff Quickly Removed.

There is nothing new about the idea of using Sage for restoring the color of the hair. Our grandmothers kept their hair dark, glossy and abundant by the use of a simple "Sage Tea." Whenever their hair fell out or took on a dull, faded or streaked appearance, they made a brew of Sage leaves, and applied it to their hair with wonderfully beneficial effect.

Nowadays we don't have to resort to the old-time tiresome method of gathering the herbs and making the tea. This is done by skillful chemists better than we could do it ourselves; and all we have to do is to call for the ready-made product, Wyeth's Sage and Sulphur Hair Remedy, containing Sage in the proper strength, with the addition of Sulphur, another old-time scalp remedy.

This preparation gives youthful color and beauty to the hair, and is one of the best remedies you can use for dandruff, dry, feverish, itching scalp, and falling hair. Get a fifty cent bottle from your druggist today, and you will be surprised at the quick results. All druggists sell it, under guarantee that the money will be refunded if the remedy is not exactly as represented.

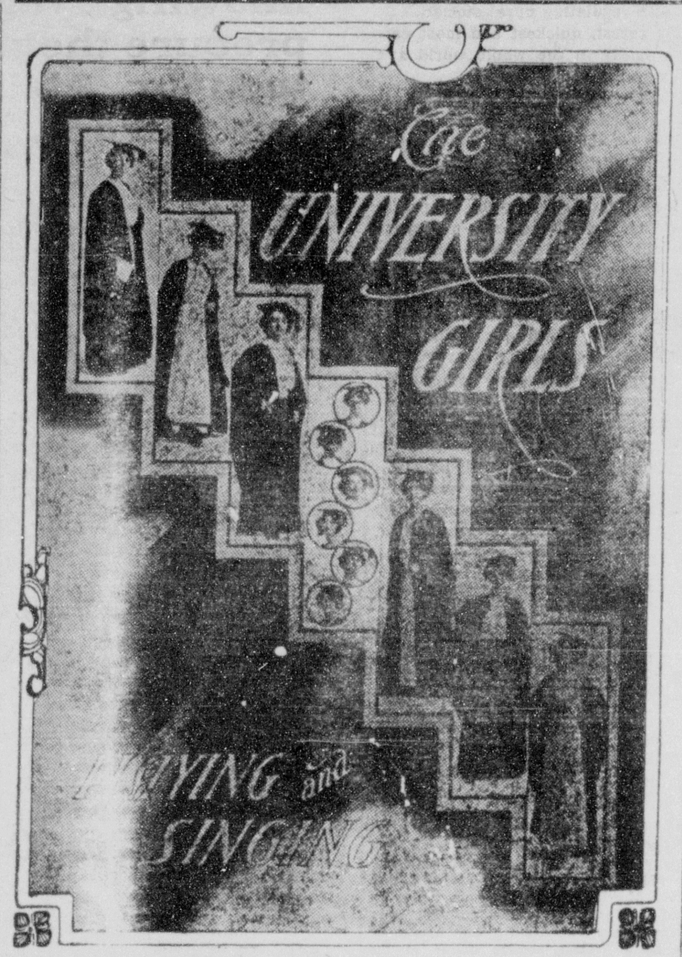
THE UNIVERSITY GIRLS



THE mos successful effort to organize a company of instrumental musicians who are also good singers is seen in the University Girls, which is correctly denominated "a singing orchestra." The company gives a most pop program, consisting of instrumental numbers, vocal quartets, solos, re and other entertainment specialties. Some of the numbers are given picturesque costumes that add attractiveness to the program.

Miss a Mohrman, the leader of the company, has made an enviable record in estra work. She has been conductor of the Navassar Ladies' band, fir linist of the Boston Fadettes, and has filled other important positions as Mildred Morrison, soprano soloist with the company, and Miss Dol cDonell, reader, have each made exceptional records. It is a company o al merit.

"See That Bald Headed Young Man?"

"I know he is only 38," said one young lady to another at a social function, "but he looks like 50."

"Better say he looks like 60," replied the other.

Young men who use PARISIAN Sage never grow bald because the hair root is supplied with plenty of nature's own nourishment, which means at all times an abundance of healthy hair.

Young man, if your hair is thinning out; if that little bald spot on top is beginning to spread, try PARISIAN Sage. It is guaranteed by the Koch pharmacy to stop falling hair, banish dandruff and scalp itch, or money back. 50 cents at dealers everywhere. —Advertisement.

REAL ORIGIN OF THE PEARL

Science Has Rudely Shattered Poetic Idea That Has Been Held For Centuries.

For many centuries, even until comparatively recent times, it was the common belief that pearls were drops of dew that gained entrance into the shell of an oyster, and were there transpired into lustrous gems. Arab and Indian divers still believe that at certain seasons oysters come to the surface and suck in the rain-drops that later become pearls. Science, however, has rudely shattered this poetic fancy, and discovered the real origin to be a worm. Dr. Hugh M. Smith gives some interesting information on this subject in the National Geographic Magazine.

We now know that almost any foreign body—a grain of sand, a bit of mud or shell, a piece of seaweed or a small animal—may by its irritation cause the mollusk to cover it with nacre and make it the nucleus of a pearl; but the largest part of the annual pearl-crop of the world is due to parasites that normally pass a part of their life-cycle within the shell of the pearl-oyster.

Minute spherical larvae of marine worms known as Cestodes become embedded in the soft tissues, as many as forty having been found in one Ceylon oyster. As the result of irritation, the oyster forms a protecting sac about the intruder, and then, if the larva dies, its body is gradually converted into carbonate of lime, and the pearly mass proceeds to grow with the shell.

If the larva lives, it may pass into the body of the strong-jawed trigger-fishes which prey on the pearl-oysters, there undergoing further development. Ultimately it reaches the body of the great rays, which in turn eat the trigger-fishes. In the rays the worms attain full development, and produce larvae that are cast into the sea and find lodgment in pearl-oysters. Thus the cycle is begun once more.

We may literally accept the saying of a celebrated French investigator, that "the most beautiful pearl is in reality only the brilliant sarcophagus of a worm."

NO SATISFYING PASS FIEND

Comedian Relates Story That Would Seem to Be Almost the Limit Even in That Line.

Raymond Hitchcock is to be credited with this story, says the New York correspondent of the Cincinnati Times Star. He deserves it, for of late he has milked cows from the wrong side, fussed with his wife on the deck of an ocean liner and been kicked into the water by a motor boat in his hunt for first page position and something better than a No. 4 headline. "An old friend of mine came to me last winter," said Hitchcock, "and asked me to get him tickets to the show in which I was then appearing. 'I would if I could, old chap,' I said, 'but honestly, I can't get 'em for you. I have no account at the box office. The only way in which I can get you tickets would be to pay for them out of my own pocket.'

"'Aw,' said he, 'any old place will do. I don't care where I sit. See if they won't let you have a pair for me. Explain to 'em that I'm an old friend.'"

Mr. Hitchcock admittedly lost his temper. He pulled a five-dollar bill out of his pocket and walked toward the box office window. They had been standing in the theater lobby. "I'll prove to you," he said, sourly, "that I have been telling the truth." And to the man behind the cash register: "Two seats at a dollar and a half each." And then he handed them to the persistent pass grafter. "Now," said he, "I hope you're satisfied."

"'Yep,' said the other. 'I am, and my wife will be tickled to death. But, gee, my sister-in-law will be disappointed because I only got two.'"

Size and Strength.

Increase of population is not necessarily a good thing of itself, nor is a low birth rate necessarily a bad thing. Increase of population does not even make for necessary additions to the national strength.

England would be a stronger nation than she is today if her population had not out-run her food supply. Many thoughtful observers believe the same true of Germany.

Patrons of the prize ring used to say that a man weighing 180 pounds weighed enough. A man of that weight was deemed big enough to encounter any adversary, and additional weight was thought as likely to be a hindrance as a help.

The rule may hold good with nations as with men, though to be sure no one knows where to draw the line. But the nation which is much too big to feed itself has taken on a handicap, to say the least.

Bicycles in France.

The number of bicycles in France appears to be on the increase, judging from the latest returns for 1911, which give a total of 3,009,626, as compared with 2,697,406 of the previous year. The total revenue from the tax on bicycles last year amounted to upward of nine millions of francs, or about half a million francs more than in 1910. The ten departments having the greatest number of bicycles last year were those of the Seine, with 309,759; Nord, 159,656; Seine-et-Oise, 97,271; Gironde, 75,390; Pas-de-Calais, 70,610; Seine-Inferieure, 62,997; Maine-at-Loire, 60,265; Saone-et-Loire, 58,595; Seine-et-Marne, 55,594; Loiret, 54,510. The department with the smallest number was that of Lozere, with only 2,920 cycles.

Snail Lives Without Air.

While the snail has lungs, heart, and a general circulation, and is in every respect an air breathing creature, it can nevertheless exist indefinitely without inhaling the least breath of air, the element that is usually considered the essential to existence in all creatures supplied with lungs. "To all organized creatures," said Leppert, "the removal of oxygen, water, nourishment, and heat causes death to ensue." When that statement was made Leppert did not appear to consider the snail as one among the great host of "organized creatures," for experiments by Spallanzani have proved that any or all the usual life conditions can be removed in the case of the snail without terminating its existence or in any way impairing its functions. The common snail retreats into his shell on the approach of frosty weather, and the opening or mouth of its shell is hermetically sealed by a secretion which is of a silky texture and absolutely impervious to air and water. In this condition it is plain that it is deprived of three of the four elements of life mentioned above—air, water, and nourishment.

New Yorker in the Provinces.

"Don't tell them out in the provinces that you are a New Yorker," remarked an old-time "drummer" to a younger commercial traveler, "or they will stick you half the time. Here's an instance: I was just starting home from a city in the far west, and a few minutes before train time broke the glass in my watch. There was a watchmaker's shop opposite the station, and I rushed in with a request for hasty repairs, as I was just starting for New York. The watch mechanic looked me over, and apparently sized me up as a New Yorker. He went to his bench, fooled around for a minute or two, snapped the case shut, handed me the timepiece and demanded 50 cents. I poked the watch in my pocket and caught the rear platform as the train rolled out. When I looked at the watch an hour later there was no sign of a crystal in it."—New York Tribune.

Will Speak at Harmony Church.

Dr. Puffer, of Boston, the lecturer who gained such favor at the Maryville Chautauqua last August, will speak in Harmony church Friday evening and everybody is invited. This is a big thing for Harmony to be able to secure such men as Dr. Puffer for a lecture, but as Harmony and her pastor, Rev. C. R. Green, have gained a national reputation for broad social church life, it will not be surprising if she gets the president to speak for her some time.
